

Single Family Home in Governor's Harbour

Single Family Home in Eleuthera

Discover a true masterpiece of a property, where luxury, innovation, and comfort come together seamlessly. This estate, set at an elevation of 35 meters above sea level, offers a stunning 5,442 square feet of living space under air, including a 4,042 square foot main house with two poolside rooms and two exquisite 700 square foot cottages. The construction of this property is a testament to quality and durability, featuring a robust steel frame, steel rafters, and walls constructed of concrete blocks with longitudinal and lateral rebar reinforcement. The roof is no less impressive, composed of a double layer of heavyweight asphalt, not only providing structural integrity but also serving as a collection point for all rainwater, which is stored in an immense 180,000-gallon water cistern.
