Lots/Acreage in Eleuthera

This spectacular and beautifully appointed beachfront lot in South Palmetto Point, Eleuthera Bahamas, offers unobstructed ocean views with direct access to one of the finest (and rare) beaches on this side of the island. There are not many beaches on the Caribbean side, which makes the location of this parcel very desirable. At low tide, walk out to the Pineapple Cays and explore the diverse bird life, once used to cultivate aloe, these Cays are now privately owned and are a bird sanctuary. The property is comprised of over half an acre of land, totaling 22,571 square feet with 84.51 feet of luxurious pink sandy beach frontage. Enjoy stunning Bahamian sunsets with an array of amazing colours across the sky, on the Caribbean side of the island of Eleuthera, the Jewel of The Bahamas. Call to...read more on our website.
